

JOHN DEERE 9RX SERIES TRACTOR STALK STOMPER PARTS LISTING

Safety Recommendations:

Prior to installation, removal or maintenance of May Wes Stalk Stompers, park tractor on level ground and lock the brakes. In addition, please follow all safety recommendations listed in the OEM owner's manual.

Installation:

- 1) Hold mount bracket #42386 up to the front right side of tractor frame matching the hole pattern in the bracket to existing hole locations in the tractor frame. Attach mount bracket to tractor using supplied M20 hardware.
- 2) Hold mount bracket #42387 up to the left right side of tractor frame matching the hole pattern in the bracket to existing hole locations in the tractor frame. Attach mount bracket to tractor using supplied M20 hardware.
- 3) Proceed to mounting the Lift Arm Assemblies using 3/4" hardware supplied with mount kit and instructions provided with each Lift Arm Kit.

* All orientation references are from the operators position.

NOTES:

- 1 Graphics are for reference only and do not represent final assembled height.
